Dr. Ekwunife Sunny F.
Anambra State Association,
Philadelphia Region, USA.

It was a great pleasure discussing with you the possibility of your Association assisting the State Government in our activities in the health sector.

As you know, the State Government has completed the Cardio thoracic/Renal and Breast Centre at Onitsha General Hospital and is now on the next phase of equipping the centre.

Secondly the state is flagging off a Mobile Doctor Service to reach all parts of the state, especially the difficult to reach areas.

Our key areas of need are:

1. Mammograph for Breast Screening
2. ECG machines
3. X-ray machines
4. Echo-cardiogram
5. Ultra Sound machine
6. Renal Dialysis Machine/Outfit
7. Mobile Clinic Van
8. Ambulances
9. Operating tables
10. Any other hospital equipments

We will be delighted and appreciative if you can assist in these areas.

Furthermore, the state is willing to assist in the clearance of items as soon as they arrive Nigeria.

With assurances of my best regards.

Dr. Amobi L. Ilika
Hon. Commissioner for Health.
